DETAILED ACTION

1. *A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under Ex Parte Quayle, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 28 November 2006 has been entered.*

2. *Claims 1-2, 5-7, 9-13, 15, 17-20, and 22 remain pending in this application and now stand rejected by the examiner. The previous indication of allowable subject matter is now withdrawn.*

Response to Arguments

3. *Applicants have filed a Request for Continuing Examination (RCE) and submitted IDS dated 28 November 2006 that lists co-pending Application Number 09/565,008 for consideration by the examiner. A review of the IDS documents submitted in Application Number 09/565,008 on November 1, 2004 appear to indicated evidence of an on-sale bar under 35 U.S.C. 102(b). Specifically, it now appears that the reliability analysis process of the invention has been used to select the manufacturing system and the manufacturing system has been used to produce products that were sold more than one year before the filing date of the invention. Therefore, the reliability and analysis system*

has been used for commercial purposes and has been in public use more than one year before the filing date of the application. Accordingly, the claimed invention is barred by 35 U.S.C. section 102(b).

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. *Claims 1-2, 5-7, 9-13, 15, 17-20, and 22 are rejected 35 U.S.C. section 102(b) because the invention was in public use or on sale in this country, more than one year prior to the date of application for patent in the United States, as admitted by the applicants in the IDS Filed on November 1, 2004 in Application Number 09/565,008. See MPEP 2133.03(a) through 2133.03(e).*
